Cookies policy

In accordance with Spanish regulations governing the use of cookies in relation to the provision of services of the information society, collected in the second section of article 22 of Law 34/2002, of July 11, on services of the Information society and electronic commerce, after its amendment by Royal Decree Law 13/2012 of March 30, we inform you about the cookies used in the website www.ocurrodaparra.com and the reason for its use. Likewise, we inform you that in accordance with the law (i) the USER gives their consent to use them if you modify the configuration of your browser by disabling the restrictions that prevent the entry of cookies and (ii) that the aforementioned consent will not be necessary for the installation of those cookies that are strictly necessary for the provision of a service expressly requested by the USER

- WHAT ARE COOKIES?

Cookies are small text files that are installed in the browser of the USER's computer to register their activity by sending an anonymous identification that is stored in it, in order to make navigation easier, for example, allowing access to USERS who have previously registered, access to the areas, services or promotions exclusively reserved for them without having to register for each visit. They can also be used to measure the audience, traffic parameters and navigation, session time, and / or monitor the progress and number of entries. Cookies are only associated with an anonymous user and their computer or device and do not provide references that allow their personal data to be known.

TYPES OF COOKIES

1.- Own cookies: Are those that are sent to the user's terminal equipment from a computer or domain managed by the editor himself and from which the service requested by the user is provided.

2.- Third party cookies: These are those that are sent to the user's terminal equipment from a computer or domain that is not managed by the publisher, but by another entity that processes the data obtained through the cookies.

3.- Session Cookies: They are a type of cookies designed to collect and store data while the user accesses a web page.

4.- Persistent Cookies: They are a type of cookies in which the data is stored in the terminal and can be accessed and processed during a period defined by the person responsible for the cookie, which can range from a few minutes to several years.

5.-Technical cookies: Are those that allow the user to navigate through a web page and the use of different options or services that exist in it, for example, control traffic and data

communication, identify the session , access restricted access parts, remember the elements that make up an order, store contents for the dissemination of videos or sound or share content through social networks

6.- Personalization cookies: These are those that allow the user to access the service with some predefined general characteristics based on a series of criteria in the user's terminal, such as language, the type of browser through which access the service, etc

7.- Cookies of analysis: Are those that well treated by us or by third parties, allow us to quantify the number of users and thus perform the measurement and statistical analysis of the use made by users of the service offered. To do this, we analyze your browsing on our website in order to improve the offer of products or services we offer you.

8.- Advertising cookies: These are those that allow the management, in the most efficient way possible, of the advertising spaces that, where appropriate, the editor has included in a web page, application or platform from which it provides the requested service. Based on criteria such as the content edited or the frequency in which the ads are displayed.

9.- Behavioral advertising cookies: These are those that allow the management, in the most efficient way possible, of the advertising spaces that, if applicable, the editor has included in a web page, application or platform from which the service is provided. requested. These cookies store information on the behavior of users obtained through the continuous observation of their browsing habits, which allows the development of a specific profile to display advertising based on it.

- TYPES OF COOKIES USED BY THIS WEBSITE

The cookies used on our website are session and third-party cookies, and allow us to store and access information related to the language, the type of browser used, and other general characteristics predefined by the user, as well as to monitor and analyze the activity that it carries out, in order to introduce improvements and provide our services in a more efficient and personalized way **QUECO Y ADRIÁN, S.L.** does not use advertising or behavioral advertising cookies.

The use of cookies offers advantages in the provision of services, since it facilitates the user navigation and access to the different services offered by this website; it avoids the user having to configure the predefined general characteristics each time he accesses the website; favors the improvement of the operation and of the services provided through this website, after the corresponding analysis of the information obtained through the installed cookies.

Cookie	Name	Kind	Purpose	Duration	More information
